

Dear Godfrey

Thank you very much for your generous donation of £100 pounds!

With your support, I have personally raised a total of over £1500 for Marie Curie, and the current group total is at £23,651.70, which is expected to reach over £30,000 once all the moneys collected.

I am very happy to be putting my feet up and eating lots of chocolate for the next few months!

Thanks again, Love Em
